Re: Campus-wide Call for 2022-23 Investment Fund Applications

The President's Cabinet, in consultation with the campus-wide Joint Planning and Budget Committee (JPBC), is pleased to announce the availability of the Investment Funds for fiscal year 2022-23. Specifically, these funds are to support campus initiatives that directly impact student enrollment and retention.

Any person or unit, academic or non-academic, can submit Investment Fund proposals for review for funding in 2022-23. Application guidelines and timeline are attached, and are also available on the [Investment Funds webpage](#). Complete applications are to be submitted by no later than Monday, March 28th.

The Cabinet, informed by JPBC review, will make final funding decisions. The target date for final award notification is late May, 2022.

For questions about the proposal process, please contact [Darson Rhodes](#).

c: President Macpherson
Jamie Spiller, College Senate President
Justin Crawford, BSG President
